Use CC in the default feedback address (KB10369)

Sebastian Eich - 2018-08-06 - in Use cases

To store a CC in our standard feedback address you can add it after the first e-mail address of the CC.

To achieve this, the following addition must be appended directly to the first address:

?cc=new.mailaddress@mail.com

This could look like this:

Create WebModel ✕

Content Customization

Customize WebModel's Content

Default Feedback Address	<input type="text" value="first.mailaddress@mail.com?cc=second.mailaddress@mail.com"/>
Custom Hyperlink 1	<input type="text"/>
Custom Hyperlink 2	<input type="text"/>
Custom Hyperlink 3	<input type="text"/>
